

THE FOLLOWING IS A REPRODUCTION OF THE NCC SURVEY POSTED IN OCTOBER 2009

Gatineau Park - Green Transportation Plan

The NCC is committed to offering National Capital Region residents and visitors alike a park where they can enjoy a broad range of recreation activities in a way that ensures the long-term preservation of the natural environment. As part of this commitment, we want to know more about the transportation related issues you have experienced in your travels to and from the Park and within Park boundaries.

Your experiences will assist us in identifying the key transportation-related issues encountered by Gatineau Park users getting to and from the Park and inside the Park. They will also help us develop viable solutions that are in line with the Gatineau Park Master Plan guiding principles.

We thank you for taking a few moments of your time to answer this questionnaire. Please base your answers on your **most recent visits**, including **summer and winter activities**.

You have until January 15, 2010 to complete this questionnaire. Also, if you leave us your email address we will send you the Consultation Report and an invitation to upcoming consultation events relating to this project, as we would like to engage you in further discussion on the development of alternative transportation management solutions for Gatineau Park.

VISITATION PATTERNS

1. Which Gatineau Park location(s) do you visit most often?

(Check all relevant boxes)

Refer to [Gatineau Park map](#) (PDF - 879 Kb) if needed.
