

Designing the Entrances to Gatineau Park

The National Capital Commission (NCC) values the opinions of all participants in this consultation. Please refer to the presentation regarding the design of Gatineau Park entrances before responding to the following six survey questions.

The project's main objectives are to enhance the identity of the Park, reduce confusion regarding entrances to the Park and promote respect for the environment of Gatineau Park. Do you feel that we will achieve these objectives through the proposed approach?

- Yes
- No opinion
- No

Do you have any comments in this regard?

In your opinion, do the proposed elements help increase visitor awareness that they are leaving an urban environment and entering a conservation area (Gatineau Park)?

- Yes
- No opinion
- No

Do you have any suggestions?

In your opinion, is the proposed level of service at each type of entrance adequate?

- Yes
- No opinion
- No

Do you have any other suggestions?

In your opinion, which exit should we give preference to in order to access Chelsea Sector from Highway 5: exit 12 via the village on Old Chelsea Road or exit 13 via the Visitor Centre on Scott Road?

Exit 12 (via Village)

Exit 13 (via Visitor Centre)

Do you have any comments in this regard?

Are there certain sectors of the Park that you think could be better identified? If so, which ones and how?

Do you have any other comments?

Please provide your contact information in order that we may send you the consultation report and inform you about the next steps.
